

STREET

QUICK FIT SHOE SPIKES

DESCRIPTION

Non-slip devices for footwear, to prevent the risk of accidental falls and slips on roads and icy terrain. Quick fit and optimal adhesion on any footwear and walk safe thanks to 10 steel spikes. The perfect companion for any eventuality. Practical and waterproof polyester bag.

MAIN USE

City walk, free time and outdoor activity. Suitable for walking around town or the countryside during or after the snowfall, with the presence of icy roads.
